## Fall Primary List is Announced

### No Endorsements By Republican Committee

Organization of the regular Republicans of Narberth in anticipation of the fall primary election was made this week when the six committeemen and committeewomen met Monday at Elm Hall.

No news has percolated forth from the Democratic camp as yet, concerning their plans for the fall. The Republicans, however, have definitely declared their intention to keep "hands off" in the local primary scrap. Their statement follows:

"The Republican Committee of Narberth at a meeting held Monday evening, June 15, definitely decided that, at the coming primaries, the committee as a whole will not endorse the candidacy of any particular individual for borough office. This leaves it squarely up to the individual candidates at the primaries. At the election, of course, the regular Republican nominees will receive the full support of the committee.

"Candidates for the following offices will be voted upon:

"Three Judges of Election, for a term of two years.

"Three Inspectors of Election (three Republican, three Democrat), for a term of two years.

"One Assessor of Real Estate, for a term of two years.

"Three Registry Assessors, for a term of two years.

"Four Councilmen, for a term of four years.

"One Burgess, for a term of four years.

"One Tax Collector, for a term of four years.

"One Auditor, for a term of four years.

"One Justice of the Peace, for a term of six years.

"Two School Directors, for a term of six years.

"Candidates should not circulate their petitions before July 9. The following members of the committee will be glad to present blank forms of petition to any candidate seeking office:

"Signed: (Mrs. L. C.) Carrie R. Douglass and W. S. Thompson, First District; Charles V. Noel and Mrs. E. C. Town, Second District; Mrs. Bobb Downs and J. B. Nesper, Third District."

## MORE CONTRIBUTIONS

### Scouts All Set for Trip to Camp Delmont.

First, Mr. Editor, will you convey the apologies of the Troop Committee to Mr. E. H. Sickles, who was one of the public-spirited citizens who distinguished himself June 6, by driving his car with its full complement of Boy Scouts to Camp Claghorn. He not only did that. He also got them back home again the same day. His co-operation was much appreciated by men and boys alike; and the omission of his name from the list published last Saturday was a cause of sincere regret to all the members of the committee. As Mr. Sickles is a modest man and a hater of publicity, we suggest that you once more express the committee's thanks to all the good friends who helped in the transportation problem. In that way, he will share the limelight with all the others, rather than have this week's thanks concentrated on him alone.

The treasurer requests that the names of James C. Simpson and William S. Horner be added to the roll of honor, of the Scout Fund. With Mr. Simpson's subscription came the following letter:

"Enclosed find check for \$... in favor of the Narberth Boy Scouts, and you will kindly excuse the delay in sending the same as the letter requesting it was mislaid, and only turned up a day or so ago.

"I often wish when my boys were at the age to join the Boy Scouts that there had been a troop of Boy Scouts in Narberth.

"I think it is a wonderful help in developing a boy and teaching him some of the great lessons of life."

All the Boy Scouts of Narberth are thrilled at the prospect of Camp Delmont. Each year Scout Troops of Delaware and Montgomery counties put in a week at this camp. Narberth's delegation this year will be a big one.

All the boys who sold their full quota of tickets for the minstrel show will get one week's camping free. A list of these boys' names is on the bulletin board at Scout House.

Those boys who did not sell enough to qualify can get their week's outing by making up the difference.

Boys who have not sold any tickets will be expected to pay for their week at camp; and as the cost is remarkably low for the benefits they will derive, there is no reason why every Scout in the borough should not attend.

Next Monday night all camp enrollment blanks must be filled out and handed to the Scout Master, so that he can file the names with the camp authorities. So all together, Scouts. On your marks, get set—Let's go!

### At Princeton.

Rev. and Mrs. John Van Ness attended the commencement exercises at Princeton University last week. On Saturday afternoon they saw the great baseball game between Princeton and Yale.

## Street-Paving Preliminaries Now Under Way

### Concerted Action by Property Owners Necessary to Avoid Delays in Work

Borough officials are now in the midst of the work involved in getting the big street paving project under way. Many preliminaries have been carried out, but important steps must be taken which if delayed will hold up the entire program.

The most important of these preliminaries deals with the curbing which must be laid before the street is begun. This installation is strictly up to the abutting property owner. Notice has been served on the properties involved and in many cases work is being started.

The Good Roads Company, successful bidders for the road work, have made an offer for the completion of the curbing work which brings the unit cost down lower than a property owner can secure through a separate contractor. To take advantage of this, however, will require concerted action, as the work must be done in large sections in order to justify the use of the special machinery.

The need for haste in completing the curbing was brought out by Walton M. Wentz, chairman of the Highway Committee of Council, when he stated this week:

"The most important thing now is to get the curb set along the streets to be improved. Notices concerning the laying of sidewalks and curbs have been sent out, and it is very gratifying to the Highway Committee to see this work going on. A number of the property owners are banding together and taking advantage of the offer of the Good Roads Company to do this work for them. If anyone is unable to make other arrangements, it would be to their advantage to get in touch with Mr. Supplee, the street commissioner, through whom they can get the work done by the Good Roads Company.

"For this purpose, a special account has been opened at the Narberth National Bank, through which payments can be made. This was necessary because of the fact that the sidewalk and curb work, in the eyes of the law, is a personal affair between the contractor and the property owner, and one in which the borough cannot take a part.

"I think, as a business proposition, the attitude of the Good Roads Company to require half of the payment before work is started, with the understanding that the balance of the account be paid within ten days after the Highway Committee has approved the work as being O. K., is very fair. With this before us, there ought to be no occasion for any property owner

to allow the work to go by default. "The road improvement work cannot be started on any stretch of street until the curbs, at least, have been placed."

A plan for financing the work was evolved by Street Commissioner George B. Supplee, who secured the permission of the Highway Committee for him to open a special account at the Narberth National Bank. In this will be deposited the advance payments by the property owners on the curb and sidewalk work, and from account the contractors will be paid. The borough cannot finance such work.

Enough property owners have already expressed their desire to join in with the rest in the plan, that the Good Roads people will be able shortly to bring out their machinery for curbing. The gutters will be laid as a continuous part of the new road surface when this is paved.

Another preliminary to the actual paving will be taken care of in the next few days when a contract will be signed for the construction of the necessary new sewers. This will also be awarded to the Good Roads Company, the lowest bidders.

Difficulties in the maintenance of the Conway avenue sewer have been experienced on account of the presence of a row of willow trees, whose roots grow into the pipes, often blocking them entirely. Both the Shade Tree Commission and Council are in favor of taking out the trees and this will probably be done in connection with the new work.

Some weeks ago cards of inquiry were sent to the signers of the paving petitions, asking for information on their deeds, to expedite the work of verifying the signatures. In many cases these cards have not been returned, which has made it necessary for Borough Solicitor Stites to do a lot of searching in Norristown, all of which further delays the work.

In checking up the petitions, also, it was found that in the case of some of the streets in the paving program, not enough signatures had been obtained for the petitions. In such cases additional names will have to be obtained before work can be undertaken.

The Highway Committee has announced that where not enough names were signed, the streets involved would be relegated to the end of the list of those to be worked on. If funds run out before they are reached, the residents will be "out of luck." Any money remaining will be placed in a fund to pave such streets after the necessary conditions have been complied with.

## SHORT TRIAL FOR NEGRO WHO PEDDLED BOOTLEG

### Donaghy Claims Boro Cook Worst Main Line Bootlegger.

Perhaps the shortest trial of a case in Criminal Courts of Montgomery county was that in which Percy Bolan, of Ardmore, was found guilty of bootlegging.

Bolan is a Negro. He worked as a cook in Narberth until four months ago, when, according to his story, he became ill.

"I wasn't feeling very well, and, as my wife was working, I figured I could just walk around until it was time for me to go to the seashore to work."

The Lower Merion police declared that in his perambulations he toted a bottle or two of liquor in his clothes and sold it by the drink or pint. They instructed Walter Brown to buy a half-pint from Bolan. Brown testified he paid Bolan \$1 for the half-pint of whisky. Then he turned the liquor over to the police, who arrested Bolan.

Bolan went on the witness stand and declared he never saw Brown and never left the box to find Bolan guilty and 30 minutes after the trial was started, the testimony heard and the verdict rendered, Bolan was on his way to jail to serve six months imposed by Judge Miller, who also required Bolan to pay the costs and a \$100 fine.

Police Chief Donaghy went on the witness stand and declared Bolan to be one of the worst bootleggers along the Main Line.

### A Swimming Party.

Miss Gladys Grover, 203 Hampden avenue, entertained her school mates on Monday evening, June 15, 1925, with a swimming party at the Garden Court Natatorium and dinner at the Rittenhouse Hotel. The party assembled at Miss Grover's house 5.30 P. M. where automobiles were waiting to convey them to Garden Court Natatorium for an hour's swim. The party entered their autos again 7.30 P. M. all set for dinner 8 P. M. at the Rittenhouse.

After dinner Miss Grover had her guests for ride through the park. The guests were:

Miss Gladys Grover, Mr. Bill Doherty, Miss Betty Cook, Mr. Bob Ross, Miss Patience Wohler, Mr. Harry Messel, Miss Ella Ross, Mr. John Greenburger, Miss Betty Hubbel, Miss Martha Sunderland, Miss Betty Jones, Mr. Arthur Bailey, Miss Mildred Odiorne, Mr. Brud Doherty, Miss Jean Page, Mr. Gardner Crowell, Miss Honora Snyder, Mr. Bob Foote.

## CYNWYD WINS ALL BUT ONE FROM NARBERTH

### Belfield Whites Take Lead in Middle States League.

Some very close and interesting tennis matches were contested in the various divisions of the Middle States Tennis League Saturday.

By taking all nine matches in Division A, the Belfield White players still lead in this division, the Overbrook team being the victims. The White team has made a splendid showing so far this season, having won 41 games and lost but four.

Cynwyd lost but one match to Narberth on the courts at Cynwyd. C. N. Beard, of Cynwyd, losing to Bob Fretz, in a hard-fought fracas, the first set going to 9-7 and the second set, 11-9.

At Cynwyd—

Singles—J. Haynes, Cynwyd, defeated H. Lane, Narberth, 7-5, 6-4; R. Fretz, Narberth, defeated C. N. Beard, Cynwyd, 9-7, 11-9; A. Fleig, Cynwyd, defeated F. Fretz, Narberth, 9-7, 6-2; H. M. Simmons, Cynwyd, defeated A. Haines, Narberth, 6-4, 6-2; R. VonMaur, Cynwyd, defeated J. McKell, Narberth, 6-0, 6-2; H. Fox, Cynwyd, defeated W. Kirkpatrick, Narberth, 6-2, 6-3.

Doubles—Haynes and Bear, Cynwyd, defeated Lane and Haines, Narberth, 6-0, 6-2; VonMaur and Custer, Cynwyd, defeated Fretz and Fretz, Narberth, 6-4, 6-3; Fox and Fleig, Cynwyd, defeated McKell and Kirkpatrick, Narberth, 6-1, 6-2.

### WANTS OLD NAME

An effort is being made by residents of Gladwyne to have that community's name changed back to Merion Square. One of the proponents of such action is President Samuel Rea, of the Pennsylvania.

"In the many years I have lived in Lower Merion township I have observed more or less resentment to the post office at old historic Merion Square being designated by any other name," says Mr. Rea.

"For the years that I have lived in the immediate vicinity of Merion Square, I have frequently been requested to join with other citizens in having the post office changed from its present inappropriate name of Gladwyne to Merion Square, and believe that the sentiment is overwhelmingly in favor of the change. However, before taking any steps to that end, it seems desirable to call attention to the matter and thus ascertain if there is any real opposition to thus permanently recognizing one of the old settlements of Montgomery county."

## Local Musician To Head Orchestra

### Adolph Vogel Will Lead at U. of P.

Adolph Vogel, of Avon road, has won new musical honors in his appointment by the University of Pennsylvania as conductor of the Instrumental Club.

The new leader will succeed J. W. F. Leman. Mr. Leman was appointed after the death of Hedda Van Den Beemt, who had succeeded the late Burton P. Scales. The position is one of considerable importance in musical circles.

Mr. Vogel is well-known to many Narberth residents as the organizer, and leader of the Main Line Orchestra of Ardmore, which, through his efforts, has reached unusual heights of excellence as an amateur body. He has also, for the past four years, been a member of the Philadelphia Orchestra as 'cellist.

In addition to these positions, Mr. Vogel is managing director of the Main Line School of Music at Ardmore, and last year played with the Fairmount Park Orchestra and with the Philadelphia Harmonic Orchestra.

He is a graduate of the New England Conservatory of Music in the 'cello soloist course under Josef Adamowski, where he received honors in theoretical work, ensemble playing and public performance, in the class of 1915.

During the world war Mr. Vogel served as assistant bandmaster at Camp Hingham, Mass. He was also 'cellist in Admiral Wood's private trio, giving many concerts for the benefit of the Red Cross.

For two years he was a member of the Cincinnati Symphony Orchestra under Eugene Ysaye, and appeared as soloist with that organization. Four years ago he joined the Philadelphia Orchestra.

## LOWER MERION HIGH AND LANSDOWNE DIVIDE HONORS

### Maroon and White Wins Doubles at Cynwyd Club.

Lansdowne and Lower Merion divided honors in the suburban high school tennis championship tournament Monday. The Garnet and Gray won a cup for having the best pair. Clement Wells, Lower Merion also received a cup for having the best pair. Clement Wells, Wanamaker and John Custer, of Lower Merion, captured the doubles title.

The matches started at the Cynwyd Club on Thursday, June 11. The tournament was the first of its kind for high school girls and boys, and it will be held annually from now on.

Clement Walter showed splendid form in defeating Lower Merion's captain for the singles title. He took the first set with ease.

But in the second set Walter went wild, having little control over his strokes and sending many of the balls outside. Wanamaker, by his steady, easy playing, took advantage of every opportunity and won the set, 6-3.

Lansdowne's star is a southpaw. He has a particularly good, strong service. He also has good form and seems able to anticipate his opponent's plays. He won the Delaware county title in 1923 at Chester.

Wanamaker's game is smooth, with few wild strokes. He covers the court well. He made Walter work hard for the title.

Wanamaker and Custer, Lower Merion, won the suburban doubles championship.

Lansdowne's pair, Walter and Hood, won the first set, 7-5, but lost the next two, 6-4, 6-3.

In the second set Lower Merion led, 4-1, then Lansdowne took three games straight. Lower Merion followed by winning the next two and capturing the set, 6-4.

The third set was featured by several long games. The sixth was the longest, going to Lansdowne, 12 to 10.

### Get Penn Degrees.

Among those graduating from the University of Pennsylvania on Wednesday was Desmond J. McTighe, who received the degree of Bachelor of Laws. A few years ago he was graduated from the University of Pittsburgh with the degree of Bachelor of Science in Economics.

He is a member of the Beta Gamma Sigma Fraternity, the Delta Theta Phi Law Fraternity and the James Wilson Law Club, and is also a member of the Narberth Tennis Association and the Narberth Civic Association.

He is the son of Mr. and Mrs. John Desmond McTighe, of 416 Essex avenue.

Ellsworth B. Clark, of 106 Chestnut avenue, was awarded the degree of Bachelor of Science in Economics from the Wharton School of the University on Wednesday. He is the son of Mr. and Mrs. Charles E. Clark.

Karl F. Cerlein, physical director of the Narberth Schools, received the degree of Bachelor of Science in Education from Penn on Wednesday. The degree is granted for four years of college work, specializing in teaching and educational theory.

### HALL-BROWN

The marriage of Miss Eleanor Brown, daughter of Mr. and Mrs. Walter H. Brown, of New York, and Mr. William M. Hall, Jr., of Brooklyn, New York, took place on June 2 in Holy Trinity Church, Philadelphia, Dr. Floyd Tomkins officiating.

A reception followed at the home of the bride's grandparents, Mr. and Mrs. J. R. Johnston, of Grayling avenue.

## BAN FIELD PARKING

The Playground Commission and the police force have laid down a ruling forbidding any parking of cars on the ball field, effective after this week.

The reason for the order is that grass seed is to be sown, which would be destroyed by the wheels of cars. It is believed that as soon as the new sod is safely formed, cars will again be permitted on the playground field.

## NARBERTH TAKES TWO

### Ardmore and Bala-Cynwyd Were the Week's Victims.

Last Saturday Ardmore K. of C. journeyed to Narberth to take a crack at the Boroughites. They went home stinging from the effects of a 15-6 score.

Verny Fleck was throwing them in from centre of the infield and managed to keep the 12 safeties of his opponents far enough apart to prevent a disaster. In addition to handling the pitcher's job, Fleck managed to live things up a bit by poling out a homer. Burke, of the invading hosts, also tagged all for four in the circuit.

In the sixth inning the shells fell thick and fast around the head of Murray, of the Casey's. In the seventh he was dismissed for the good of the service and Gleason went out into the limelight. He managed to hold the rampaging Narberth to four scattered safeties.

Here are the sordid details:

On Tuesday another thriller was played when the Post Office team handed the Fire Company a 9-7 beating. The fire-eaters had as stars of the day Johnny Miller and Charlie Barker. The stamp lickers gave a lot of credit to Blessing and Maston.

### GORDON-SMITH

The marriage of Miss Edna Kells Smith, daughter of Mr. and Mrs. Edward Lyndall Smith, of Merion avenue, to Mr. Julian Francis Gordon, of Massillon, Ohio, took place last Friday evening at New Castle, Pa.

The bride was given in marriage by her father, and was attended by her sister, Miss Elizabeth K. Smith, as maid of honor.

Mrs. Gordon is a graduate of New Castle High School and of the Kindergarten Training School of Oberlin College. The groom attended Oberlin and later graduated from the Wharton School of Finance at the University of Pennsylvania. He was overseas during the world war and is now associated with the Central Steel Company of Massillon.

After a two-weeks' wedding trip in Michigan, Mr. and Mrs. Gordon will be at home in Massillon, Ohio.

## Scholarship Given to Miss Bigelow

### L.M. Alumni to Increase Fund to \$20,000

Plans for increasing its scholarship fund from the present \$5000 to \$20,000 and the awarding of its two scholarships for the coming year were made by the Lower Merion High School Alumni Association at meetings held the past week. A slap was also taken at the school authorities for their persistent refusals of requests for a football game between Lower Merion and Norristown High.

The scholarships for 1925-26 were awarded at a meeting of the Scholarship Committee in the high school in Ardmore Tuesday night. This committee, which is made up of Principal Charles B. Pennypacker, Representative Ludlow, President Richard J. Hamilton, of the Ardmore Chamber of Commerce; President Adolph Schaefer and Secretary Mildred Wolf, of the Alumni Association, awarded the scholarship which went to the graduating class of 1925, to Miss Edith A. Bigelow, of Ardmore.

Miss Bigelow ranked third in her class which graduated from Lower Merion High last Friday night, and was the highest of the seven graduates who applied for the scholarship. She plans to enter the School of Education at the University of Pennsylvania in the fall.

Following its plans of granting one scholarship to the graduating class and one to previous graduates who have won a graduating scholarship, the committee granted

### IF DAY'S HOT, HERE'S A NOTION CITY ONCE WAS UNDER OCEAN

Once upon a time, so geologists who have studied this region tell us, the greater part of the Main Line and Philadelphia "was buried beneath water of icy-coldness, and icebergs of no mean magnitude traversed the region of our present church spires." After such a study the late Angelo Heilprin, curator-in-charge of the Academy of Natural Sciences, said: "Visitors to the region about Chestnut Hill, Bryn Mawr, Haverford, Ardmore and Cynwyd, on high ground, will have noticed, at elevations of from 300 to 450 feet, patches of a rusty-looking, pebbly deposit, a formation of undoubted marine origin. The gravel and the cobbles of Philadelphia reveal to us that the Atlantic billows once swept the crest of our most elevated hills, and the heights of Chestnut Hill, Bryn Mawr and Media echoed back the roar of the breaking surf."

### GIRL SCOUT NEWS

Last Tuesday the Narberth Girl Scouts had a most unusual treat. Instead of their regular meeting, Captain Nash and Lieut. Cooke took them on a supper hike. Fifty-two girls started hiking from the Y. M. C. A. and at 6 o'clock they arrived at the country home of Mr. Robert J. Nash, just two and one-half miles from the starting place. Just as the girls were lighting the fires on which they were to cook their supper a storm came up and Mr. Nash most kindly invited the girls to come into the barn. It was even more fun there and with a big camp fire at the barn door and all the girls crowded about trying to get their hot dogs and sirlain steaks cooked without getting wet, made a picture. But that is not the best part of the whole thing. There were two honored guests present, Chief Strongwolf and Chief Willis most graciously consented to eat with us and then they danced and played the tom-tom till the Girl Scouts were ready to become Indians right on the spot. And after Chief Strongwolf did several dances he taught the girls a dance which they did and enjoyed thoroughly. Chief gave the girls a most interesting talk about Indian customs and about their sign language. After the dances were done ice cream cones were passed around and Mr. Cooke and Mr. Nash brought the girls home in cars which was a great help after so strenuous an evening.

### WILL MAKE NO CHANGES IN MAIN LINE LEAGUE

Additional Players and Twilight Rules Will Be Held Till July 18.

No change in the personnel or the rules of either the Saturday Main Line Baseball League or in the Main Line Twilight League will be made until the beginning of the second half of the season on July 18. This became evident after a meeting of both leagues held Tuesday night at the home of President Harry J. Mosteller, in Ardmore.

Several of the clubs of the parent circuit, the Main Line League, wanted to strengthen their teams and had names of new players ready to submit to the executive board for approval. These clubs, notably Bala-Cynwyd, Ardmore and Ashland, however, decided after informal discussion to finish up the first half with the present list of approved players. was wanted by some clubs to prevent players from performing with one team one night and another outfit the next. Under the present wide-open territory agreement in this league this is permissible and as some of the club's play their mid-week games on Thursday nights and others on Wednesday this inter-change has been practised extensively in some cases.

It was felt that such a swapping of players was not fair to some of the clubs. A ruling to do away with it will, however, await the beginning of the second half in July.

No more meetings of either the Main Line or the Twilight League are scheduled until the second week in July, and none will be held unless managers request a special meeting to act upon any disputes or disagreements that may arise.

This is your paper, and your advice is appreciated.

### NO CRIMINAL COURT THIS WEEK, CALENDAR IS CLEARED

Criminal Court at Norristown for the summer has ended. President Judge Miller announced last Friday, due to the splendid teamwork on the part of those concerned in forwarding of the business of Criminal Court, the business of the June term had been completed.

He directed Sheriff Fox to communicate with the jurors who had been summoned to serve this week and inform them not to report for duty, as their services are not needed.

Last week 76 bills were submitted by District Attorney Renninger to the Grand Jury and of these all but six were found true bills. The six were ignored.

Only a few cases were continued until September and in practically all instances sickness was the reason for continuance.

## HEAT FOLKS

SOME ARE BORN GREAT,  
SOME ACHIEVE GREATNESS,  
AND SOME HAVE GREATNESS  
THRUST UPON THEM  
(BUT WE HEAT FOLKS ARE THE  
GREATEST OF THE GRATE)

MONEY buys a lot of things, but it can't buy a place in the Hall of Fame. In the GRATE Hall of Fame, the Heat Folks hold the honored niche. They are placed there, not so much because of the reasonable price at which they enter your service, as because of the SERVICE they give for a little price. The Heat Folks specialize on clean coal, chock full of heat—no clinkers and little ash. They are justly famous.

**Safeguard the Crops**

You cannot afford to trust the results of many months' labor to the uncertainty of an old inflammable building. Concrete barns and silos protect you against loss by fire by preventing it.

The cost of permanent, firesafe and verminproof farm structures is low, too, for Portland Cement is the cheapest of all materials undergoing a manufacturing process.

Ask your building material dealer the advantages of using Atlas Portland Cement in construction work.

## DIRECTORS

The character of a bank's management has much to do with gaining the public confidence so necessary to its success.

It is the Board of Directors which determines the principles governing a bank's management.

The Narberth National Bank is fortunate in having a list of Directors comprising not only men of standing, who have made a success of their own lines, but men who, because the majority of them make their homes in this community, have naturally a very keen and personal interest in promoting the growth of such a local institution.

They bring to the Bank the wealth of their experience in the outside financial and commercial world, and the warmth of their feeling for the inner, human-appealing world of their home community.

Following are the names of these men:

# COTTER'S MARKET

Store closed every Wednesday at noon during June, July and August.

MISUNDERSTANDINGS as to honesty of motive and purpose and the ability to economically serve sometime create "static" between buyer and seller which frankness and fair dealings might overcome. BIGOTRY, which blinds a merchant to real conditions, is a form of static interference that may only be overcome by reason and a willingness to yield to sound argument. LACK OF COURAGE to change with the times, a prevalent phase of business static, is often uncontrollable except by throwing out the "old machine" and substituting entirely new methods. PREJUDICE is a basis with a set and stubborn dislike of new ideas or new business principles, a very harmful form of business static that is costing all of us many dollars and some "sense."

Sunday School, 9.45 A. M.  
Morning Worship, 11 A. M. Theme, "Heart Creation."  
Luther League, 7 P. M.  
Evening Service, 8 P. M. "Opened Eyes."  
The Advanced Luther League did not have a meeting, owing to conditions they could not well overcome, but we hope nothing will prevent a real live meeting this Sunday evening to come.  
Our Children's Day exercises were well attended and were surely enjoyed by all present.  
Sometimes instructors feel that the little ones do not come up to the standard and are discouraged, but all said it was a most delightful exercise in which so many did superbly and lifted the male affair to a plane of super excellence and the thanks of the audience are due to those who so well and faithfully prepared the program.

## CHILDREN'S DAY

**Celebrated at the Presbyterian Sunday School.**  
Two particularly interesting features of the Children's Day exercises at the Presbyterian Church Sunday were a story by Sara Brownell, a primary department girl, and the Bible memory work by the junior department. The music was furnished by an orchestra composed of the regular school orchestra and the Main Line Orchestra.  
Sara Brownell's story was considered the best reproduction of some Bible story studied by the primaries during the year. It gave the history of Joseph and was a remarkable piece of condensation. The stories had to be written without aid from grown-ups.  
The junior department recited the thirteenth chapter of First Corinthians—the great love chapter of the new testament—without a hitch or a flaw.  
There is no more important work possible in the Sunday School than committing to memory the words of inspiration which will come to mind in after years in hours of spiritual need.

The superintendents in the various departments, Miss Edith Gard, of the beginners; Mrs. L. C. Douglass, of the primaries; and Mrs. R. G. Augst, of the juniors, deserve great credit for the evidently excellent training they have been giving their children during the year.  
Jackie Van Auker and Jack Paden distinguished themselves in a primary recitation, and Arthur Wright and Frances Little in a junior dialogue, "Twelve Million Boys and Girls."  
Rev. John Van Ness, the pastor, closed with an excellent address to the young people.

Mr. A. G. Compton is superintendent of the school and is ably seconded in the work by his assistants, Mr. Rabb, Mr. J. H. McClay and Mr. W. S. Bossert.

## STOCK SALE OVERSUBSCRIBED

The sale of \$1,000,000 par value of our 6 1/2 per cent. Preferred Stock, which we had planned to open on June 1st, was oversubscribed several days prior to that date.

Hundreds of customers who had learned of the forthcoming sale overwhelmed us with orders; in fact, we received applications for about twice the amount of stock which had been authorized for sale.

The confidence which our customers have in our company, as evidenced by their ready response to our stock sale offer, is greatly appreciated by us, and we regret that a great many were disappointed in their desire to become shareholders.

We assure the new stockholders that we will value their interest and co-operation in the promotion of our business.

# Now Everybody Can Afford Automatic Hot Water Service

Here is a Gas Water Heater which fulfills every requirement for service, durability, convenience and economy, yet is sold at a sensationally low price and on most attractive terms.

A Heater which from the day of its installation frees you from all hot-water worries and troubles, and gives you an abundance of piping hot water in the same volume as the stream which comes from the cold-water faucet.

And best of all, it heats water at less cost than does any device which uses fuel other than gas.

Built to our specifications of the best materials, insuring long life and perfect operation. And you can have it installed complete, ready for use, at a price heretofore unknown—

# ONLY \$90

\$7.50 Down Puts It In Your Home

Balance, \$7.50 a Month

When you remember the high prices at which automatic gas water heaters were sold formerly, you will appreciate the wonderful opportunity that is now offered you.

Think of it! Hot water always ready. No fire to light. No waiting. Nothing to watch. No key to turn on or off. Nothing to remember. Nothing to forget.

Now you can have abundant hot water for bathing, shaving, dish-washing and general cleaning, with no more trouble than just turning a faucet, and at a cost which places it easily within your means.
